Interviewees :	James Farrell, Director, Community Legal Centres Queensland		

The Community Legal Centres Queensland say there has been a 600% increase in people seeking help for domestic violent support over the last five years. They have taken on more than 4400 domestic violence cases, compared to 600 in 2011. James Farrell, director, says they helped more than 60,000 people last financial year, and that funding cuts in July will further reduce the number of people they can help.
