Funds for Care Goondiwindi

GOONDIWINDI: The State Government this week announced a \$4.7 million funding boost for vital community legal centres in the Darling Downs and South West region.

Attorney-General and Minister for Justice Yvette D'Ath announced \$51.3 million in state and commonwealth funding for 36 community legal assistance services over three years, from July 1.

"In the Darling Downs and South West a total of \$4.7 million will be shared amongst two organisations to provide vital community legal services which help vulnerable people in the region access legal assistance," Mrs D'Ath said.

The funding included almost \$400,000 for Care Goondiwindi. A total of \$4.3 million will also go to TASC National Ltd, which assists people in Toowoomba, Roma and Ipswich.
