

A facilitative approach to community legal education (CLE) workshop

Thursday, 14 September 2022, 9.30am - 4.30pm

Conference room, Supreme Court Library Queensland
Level 12, Queen Elizabeth II Courts of Law
415 George St, Brisbane, Queensland, 4000

Join us for a professional development workshop to learn essential skills for delivering high impact CLE sessions and training using a facilitative approach.

Our presenter Ian Colley from [make stuff happen](#) brings a wealth of experience to the topic, having designed and facilitated hundreds of change and learning projects in business, government and community settings.

Facilitation opens up a two-way interaction between you (the presenter) and your audience. This workshop will teach you how to create multiple opportunities for your audience to interact with your topic, while building on their own skills and experience.

This interactive workshop will also demonstrate the use of experiential techniques to generate high levels of engagement and contextualise your learning.

Maximum of 2 attendees per organisation.

Register now!

\$40
per person
Limited places

Registrations from 9am. Please bring your work photo ID to show security as you enter the building.
