# First Law First Peoples

First law of this land is Aboriginal law  
For 50,000 years maybe many many more.

Then Captain Cook took a look at this sacred 'South Land'.  
Put a flag in the sand at Possession Island.

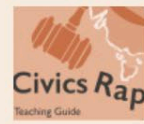

A few years later a fleet of tall ships  
Sailed into Sydney with a mob of convicts

Britain planted their law, Arthur Phillip Governor.  
Created a colony. Ignored the tribal law.

In 1901, Constitution.  
Colonies formed a nation. Democracy creation.  
Australia .....

# Drumbeat

Holyoake's DRUMBEAT is the world's first structured learning program using music, psychology and neurobiology to reconnect with ourselves and others.

The name DRUMBEAT is an acronym for Discovering Relationships Using Music, Beliefs, Emotions, Attitudes, and Thoughts.

DRUMBEAT incorporates hand drumming, behavioural therapeutic principles and cognitive and dialectical elements to achieve positive outcomes. It is estimated that over 100,000 people around the world have participated in and experienced the benefits of the program so far.

As humans, we are social beings and by our very nature dependent upon relationships for our survival and prosperity. Relationships define identity, connect us in meaningful ways, and let us experience rich and fulfilling lives. DRUMBEAT facilitates the social and emotional skills for healthy relationships and values. This process of re-connection with self and interconnection with others enables profound social and behavioural change.
