CLASS **New NDR**

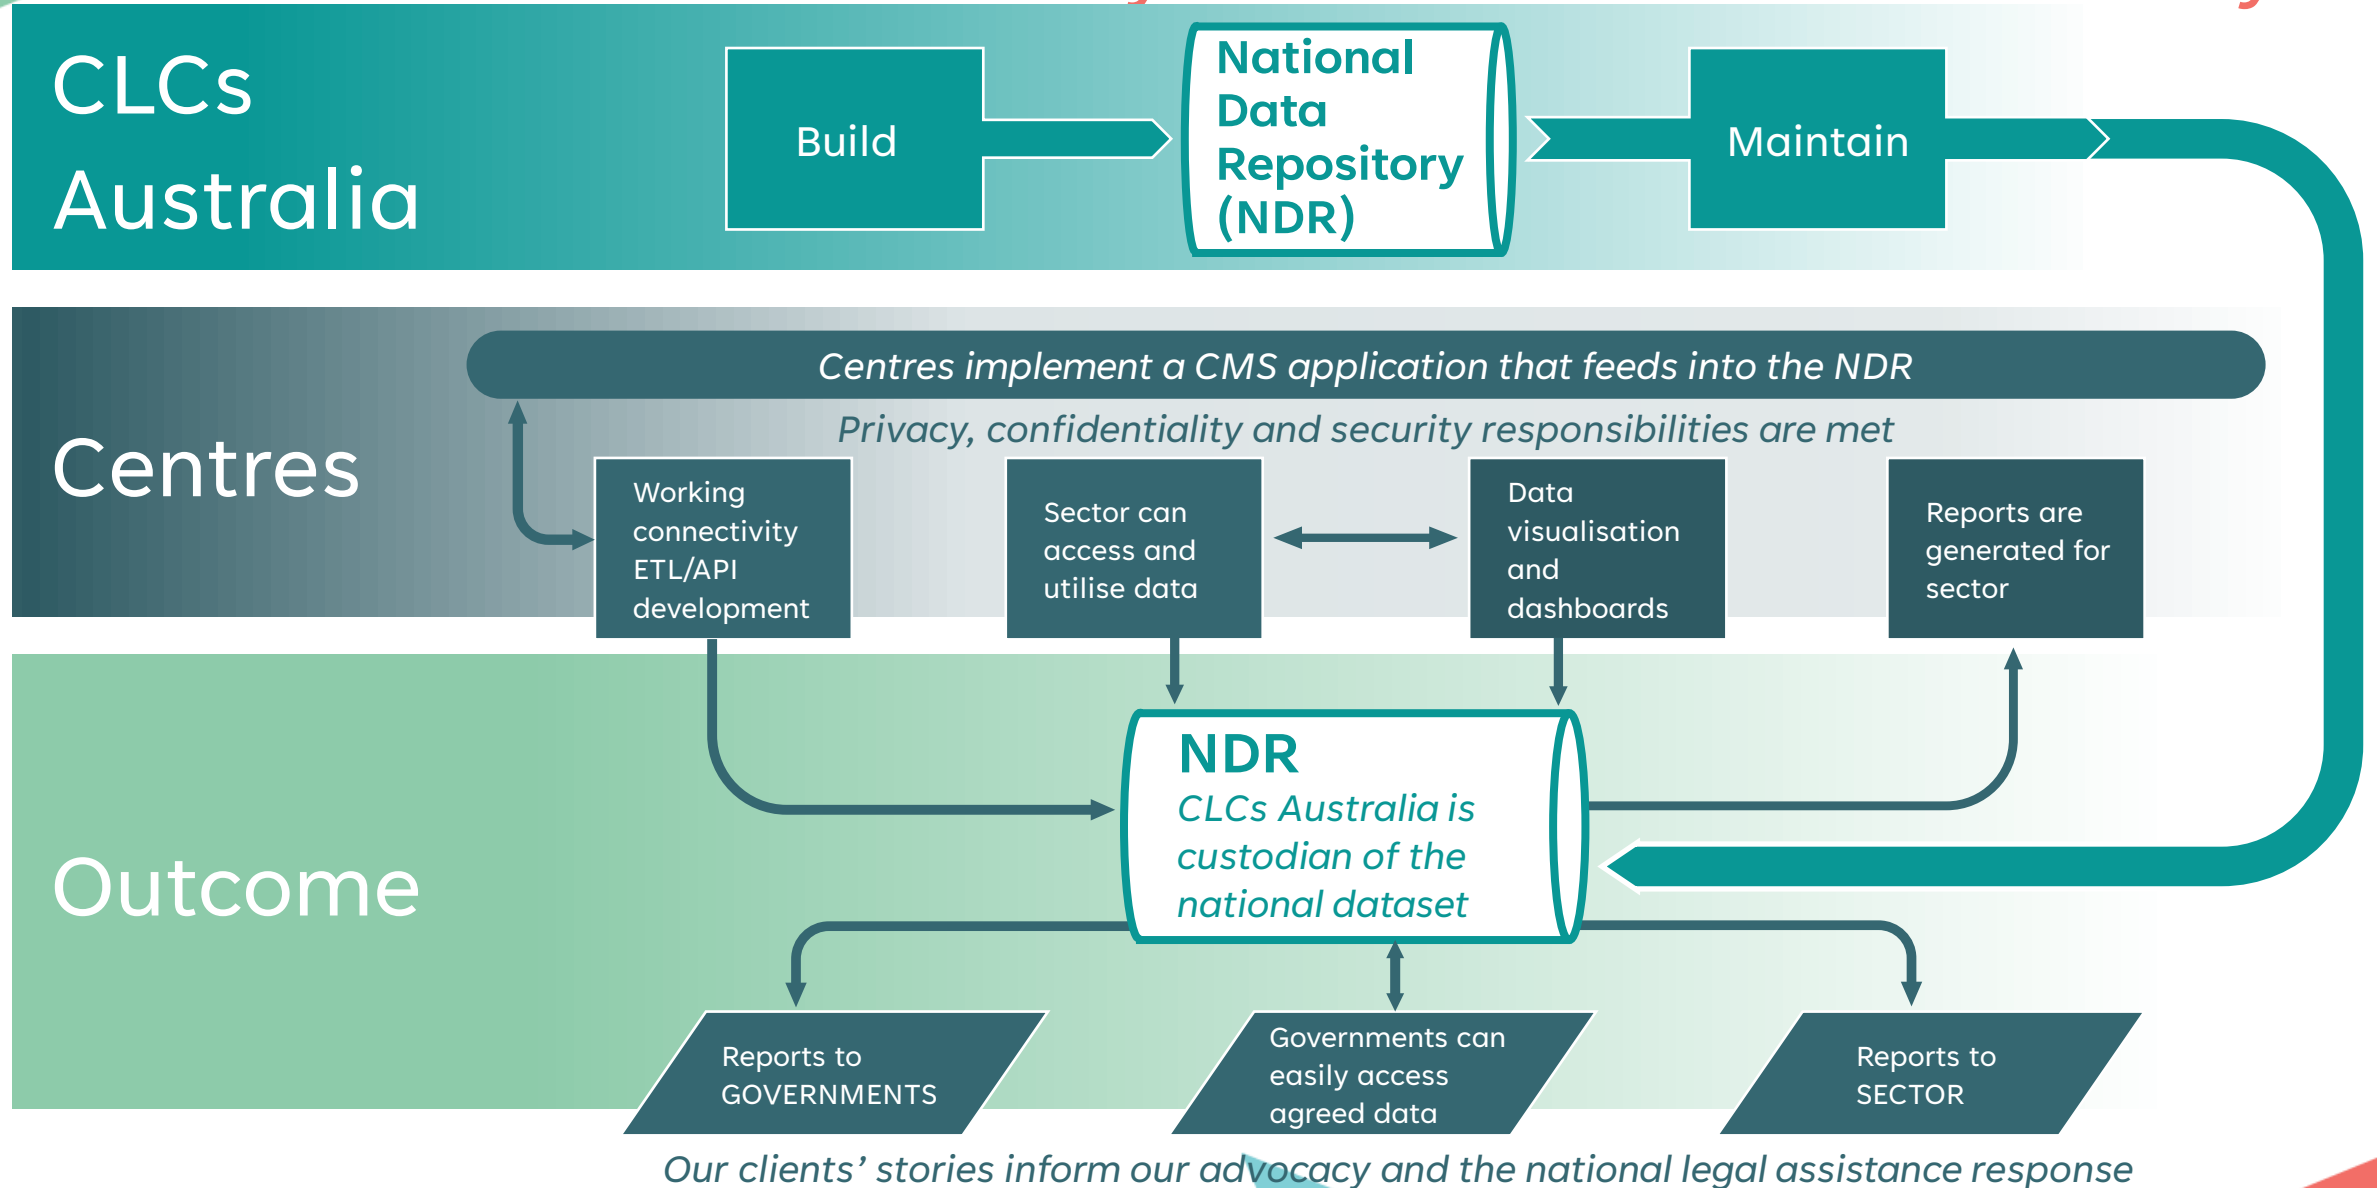

- Transition from CLASS to the National Data Repository (NDR)
- Current state to the future state
- Digital Transformation objectives

Why the big move?

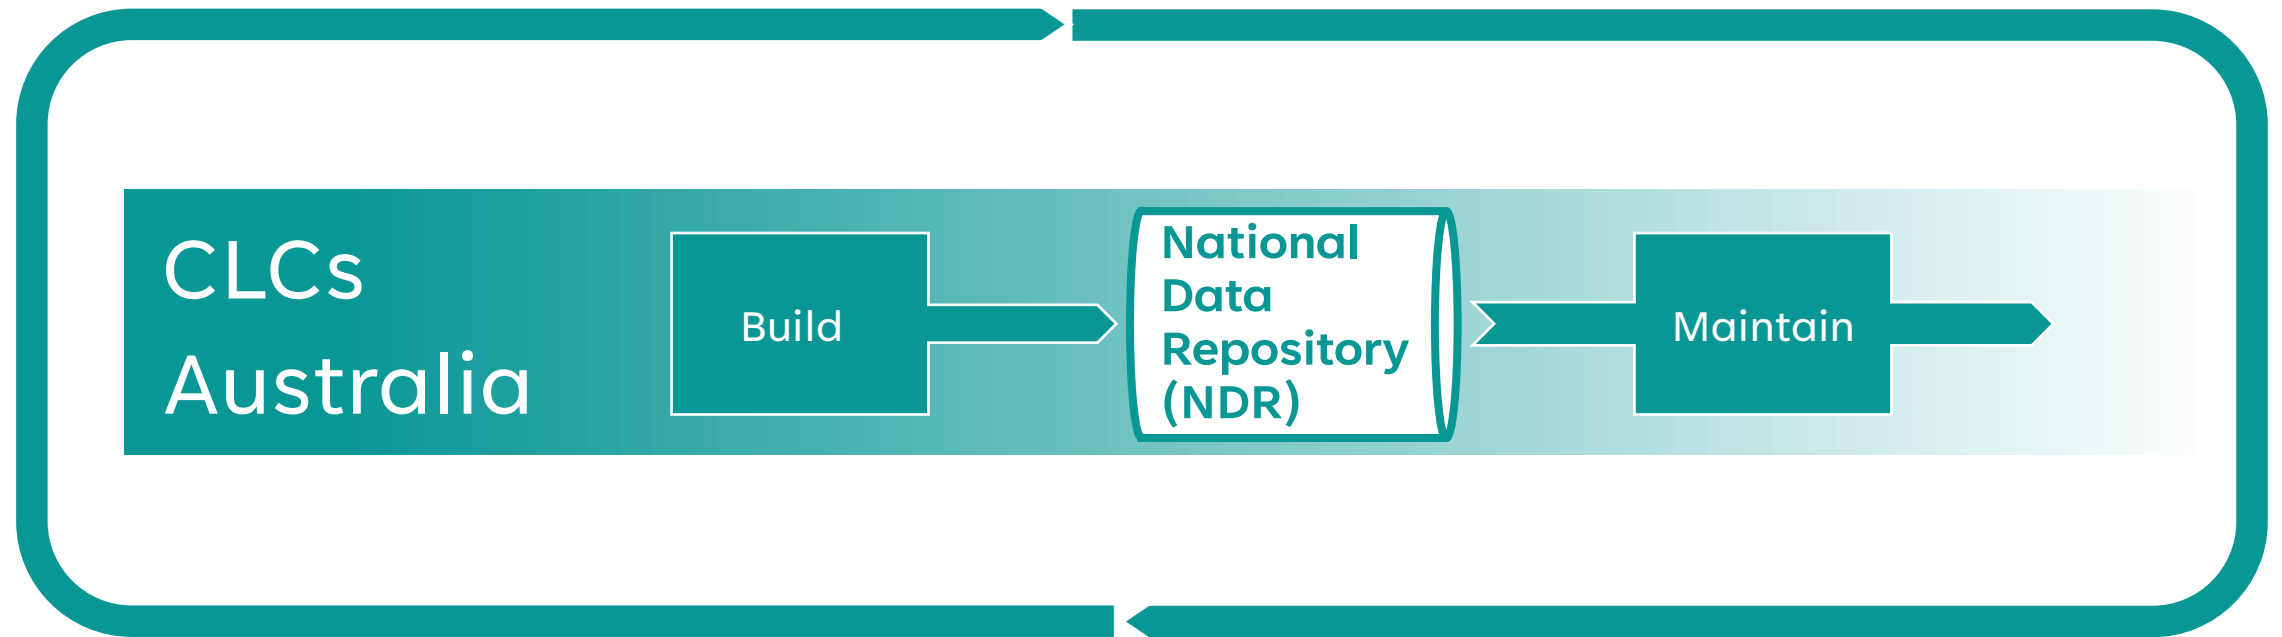

- CLASS funded until **June 2025**
- Costs to maintain are increasing
- CLASS cannot deliver modern CMS functionality
- Reduce time spent during reporting periods

Our vision: We want the ability to tell the national data story

What is CLCs Australia doing

What do Centres need to do

Centres

Source a CMS application

Ensure that it meets specification

Implement the CMS to feed into the NDR

CLCA - Supporting centres to move to a new CMS

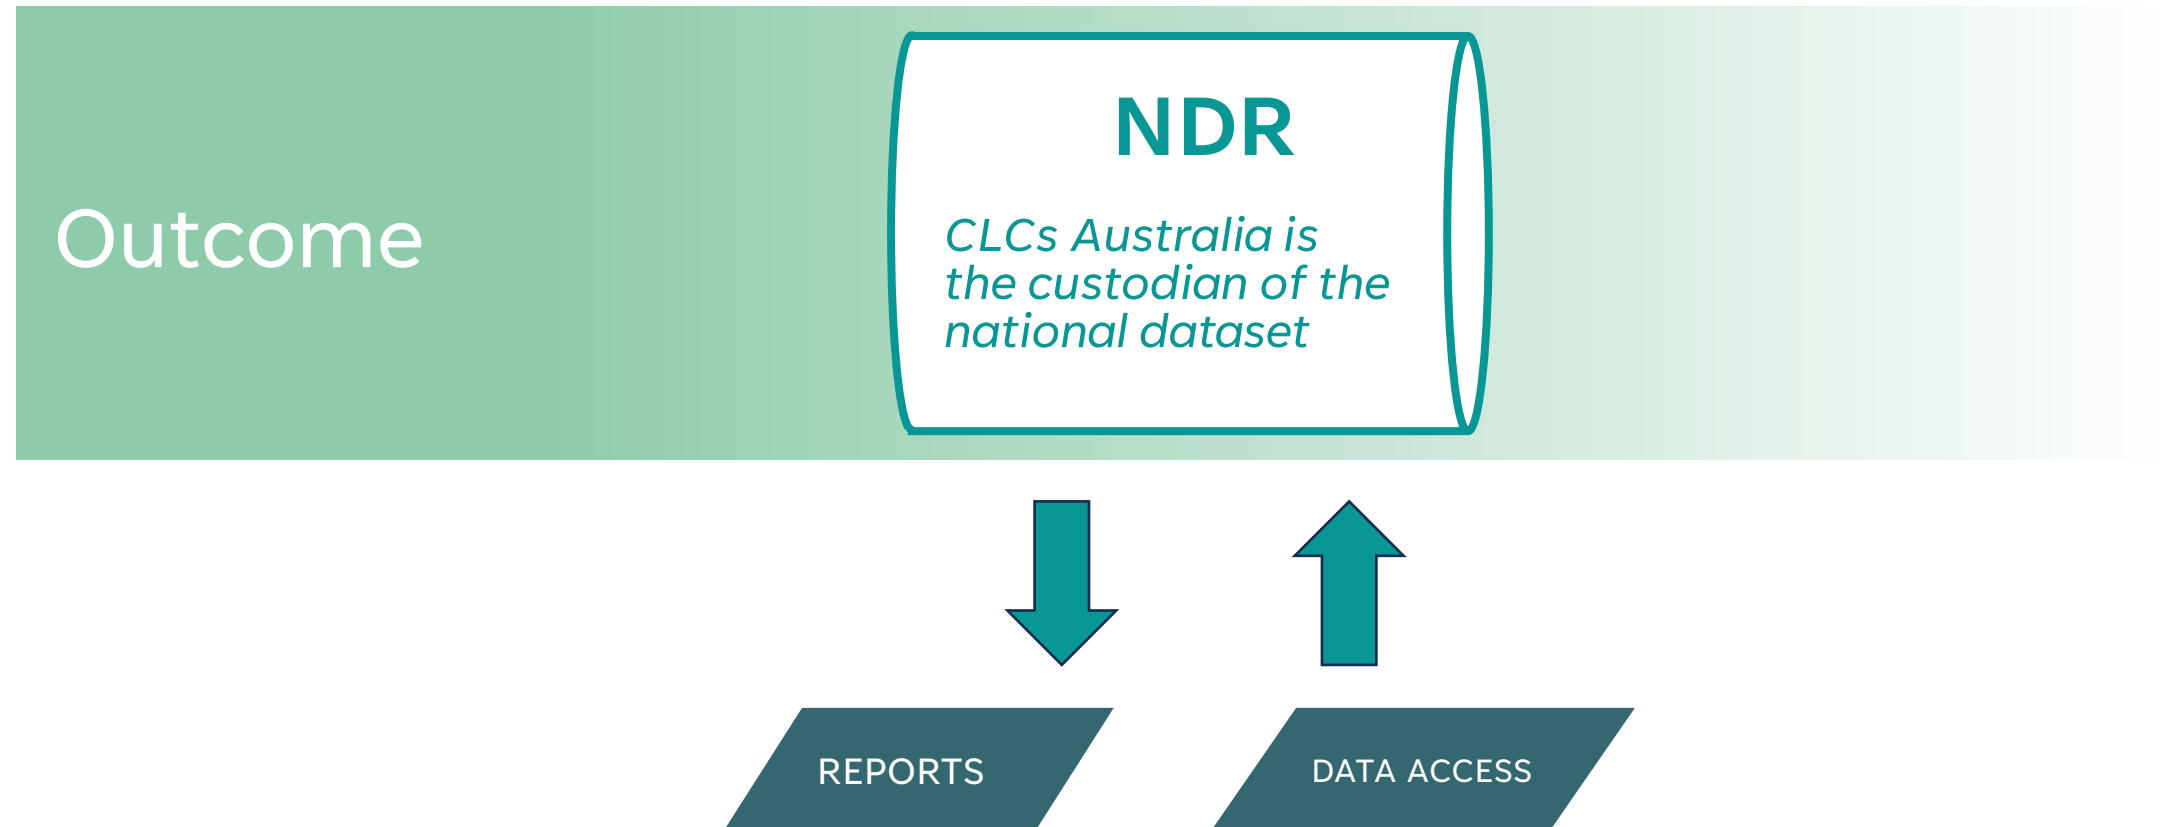

Guidelines &
Specifications

Advise on
connectivity

Testing of new
CMS – Trial
datasets

Confirm access
and data
completeness

What this means for our sector's data

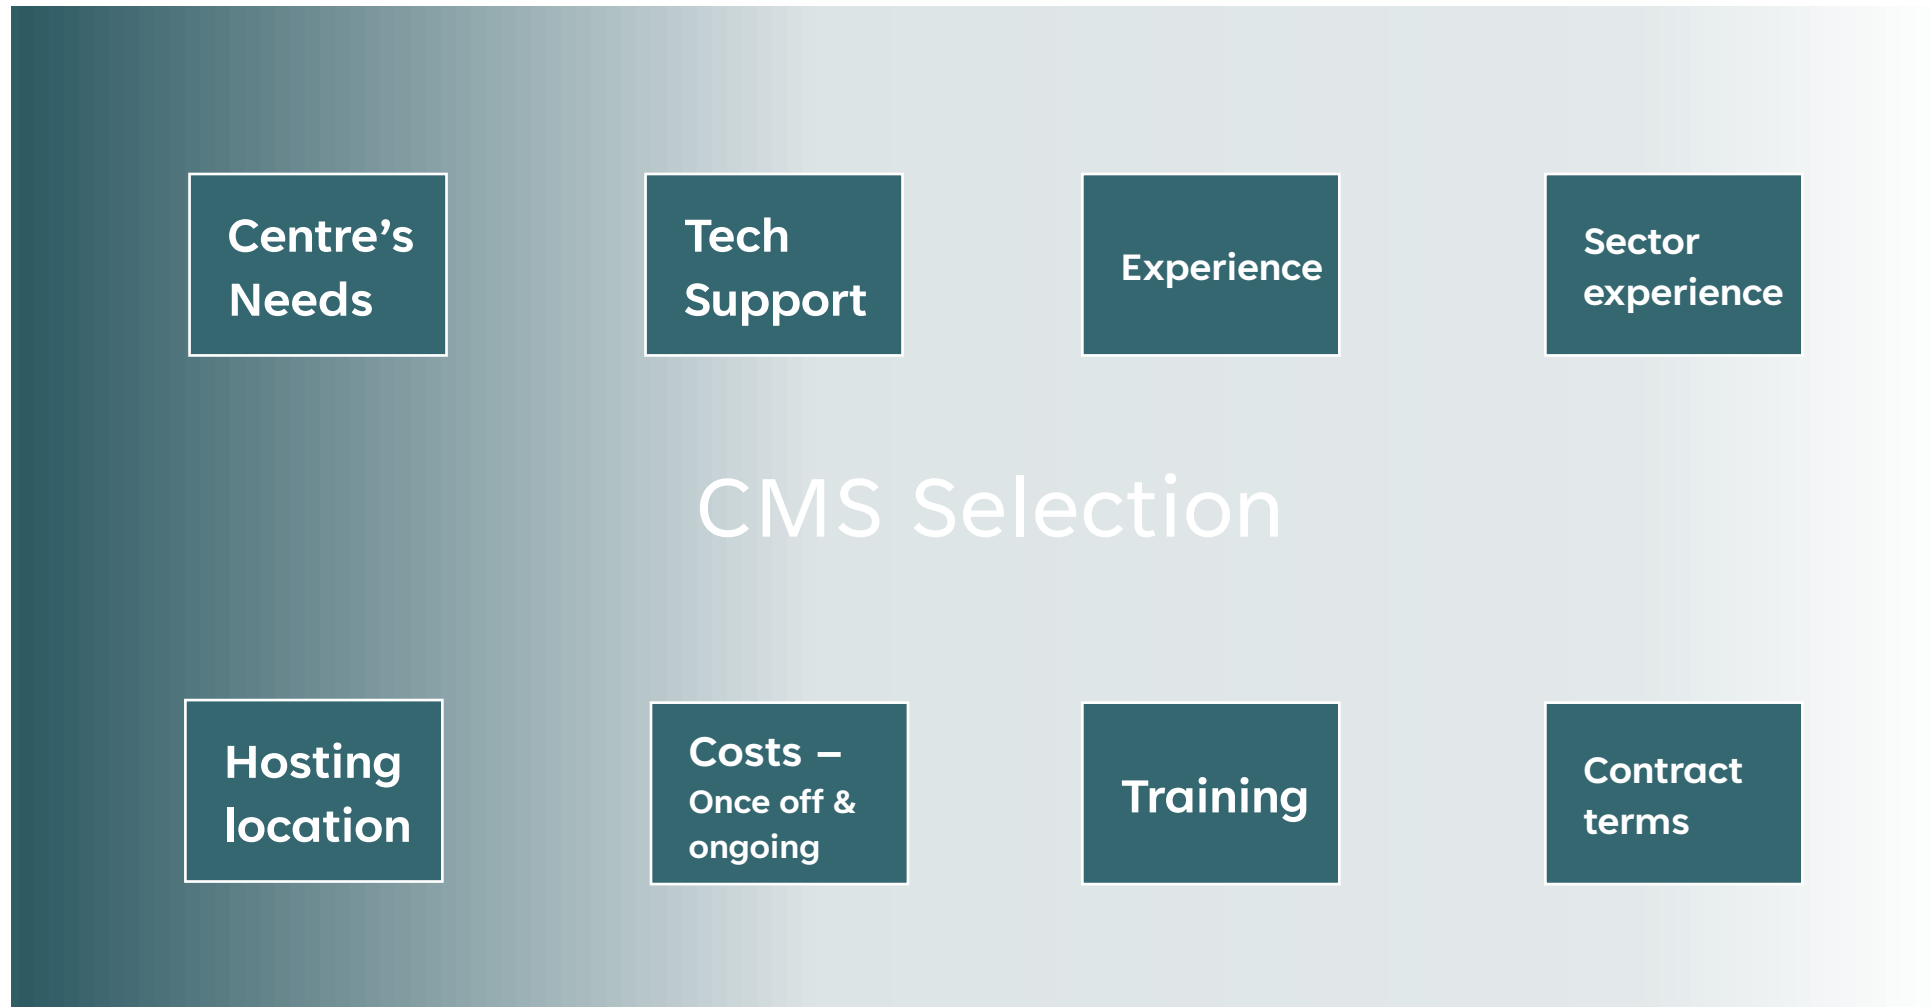

Areas of Focus – Digital Transformation Manager

CMS Selection

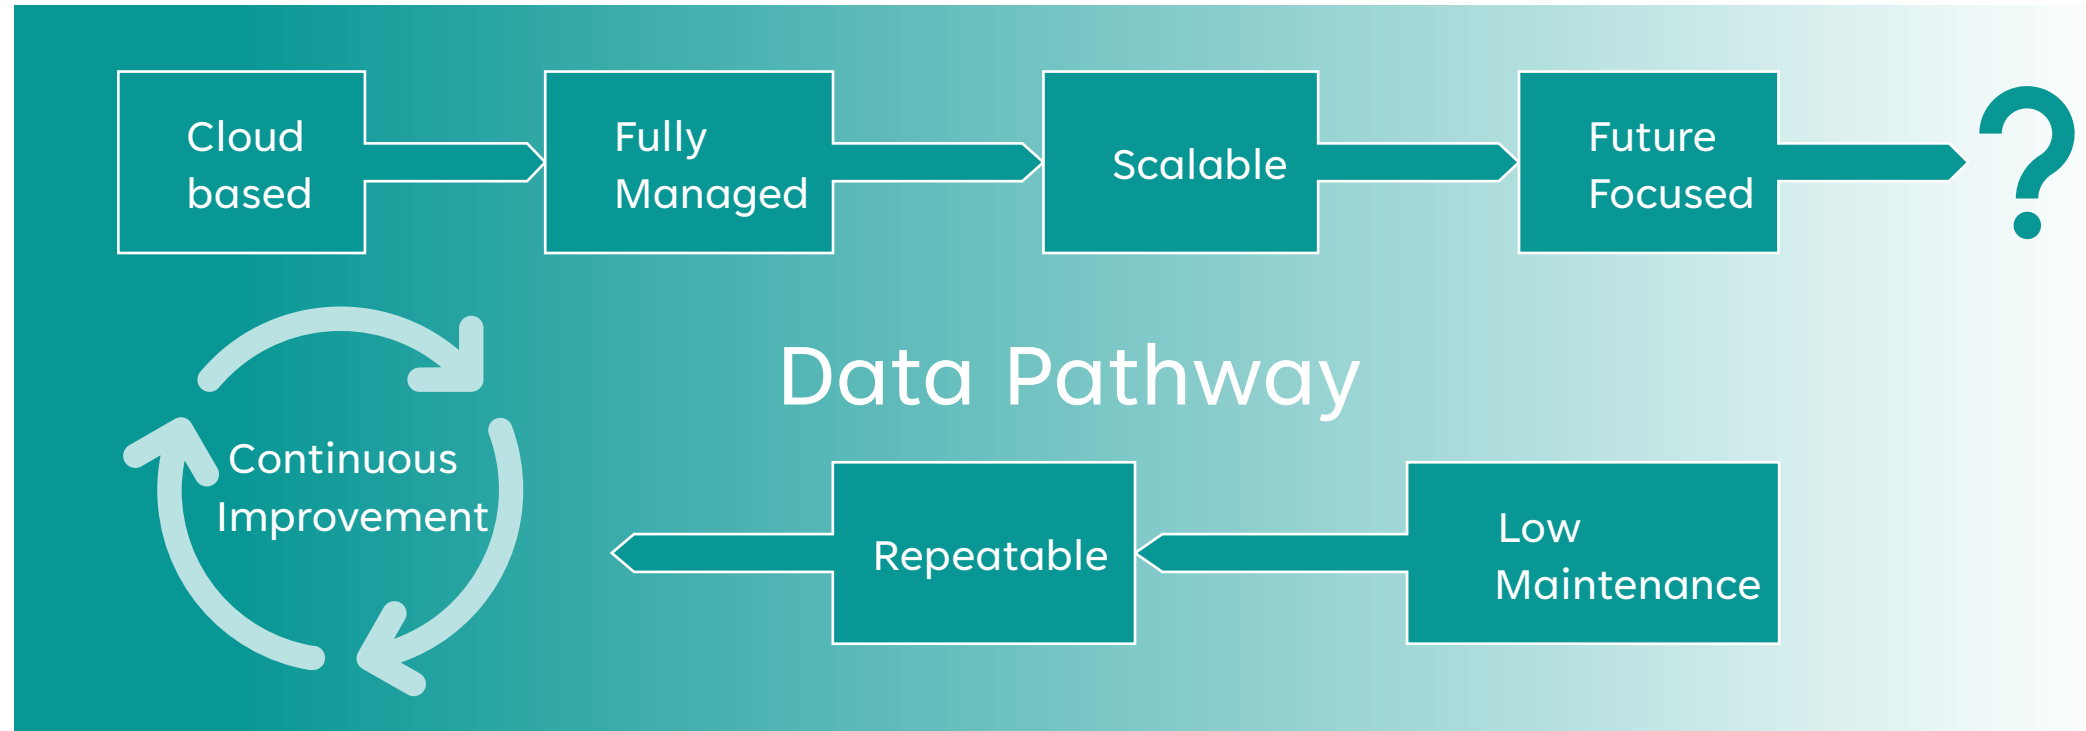

Data Pathway

National Data Repository

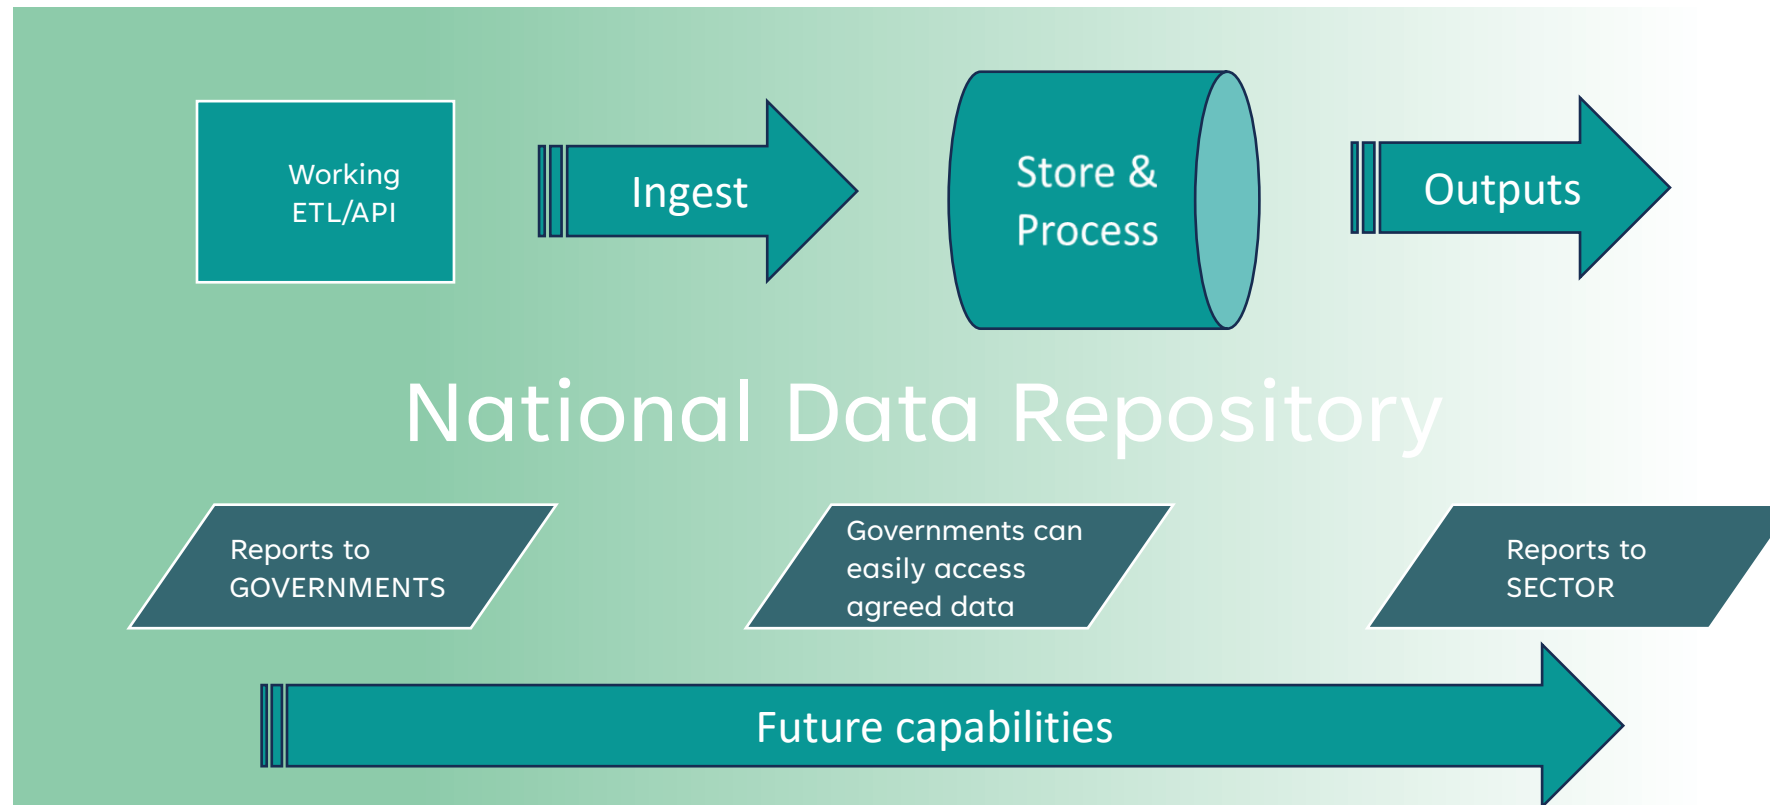

Area of Focus 1 – CMS Selection

Area of Focus 2 – Data Pathway

Areas of Focus 3 – The NDR
